

Stage 1, Bay 9

Start

You almost broke your neck last year trying to put that dang shiny ornament on top of your Christmas tree. Well, it's not gonna win the fight this year!

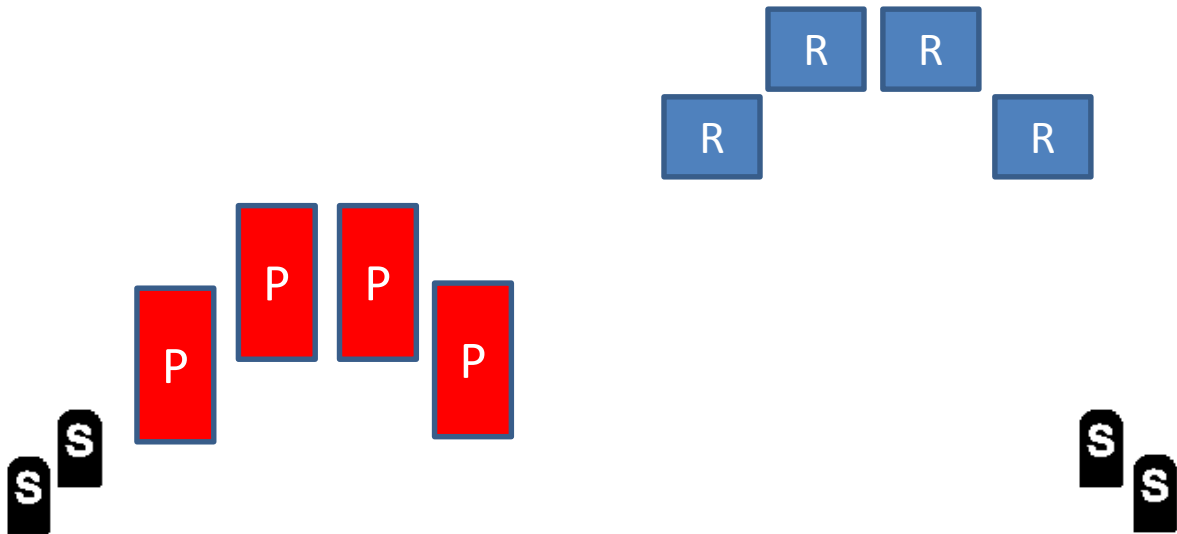

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, shotgun staged on either left or right table. Start standing with rifle at cowboy port arms and one foot touching plate.

Line: Top this, Sparkles!

ATB: With rifle engage rifle targets with at least 2 rounds on each target. Move to either left or right table and make rifle safe. If moving to left table, with pistols shoot the "ornament" for a 5 second bonus and place at least 2 rounds on each pistol target (any hit on the clay itself counts, but a miss of the clay won't count as a miss). With shotgun knock down the two shotgun targets on the left, then move to the right table and knock down the two shotgun targets on the right. Note: If clay is hit with first attempt when shooting pistols, remaining shot must be placed on static target.

Stage 2, Bay 9

Start

You just finished paying off your debts from last Christmas, but the man down at the general store says you've already reached your credit limit this year!

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, shotgun staged on right table. Start standing with rifle in hands and one foot touching plate.

Line: Give me more credit!

ATB: With rifle engage rifle targets by first placing one round on each of the inside targets, then 3 rounds on each of the outside targets, then one round on each of the inside targets. Next move to right table and make rifle safe. With shotgun knock down the two shotgun targets on the right, then take shotgun to left table and make safe. Next with pistols engage pistol targets per rifle instructions. Then with shotgun knock down the two shotgun targets on the left.

Stage 3, Bay 8

You asked for a beer brewing kit, but you got a pair of socks with matching underwear...in red and green paisley!

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, rifle and shotgun staged on the right table. Start standing behind either left or right table holding gift box in both hands.

Line: I don't wear paisley!

ATB: Place box on table. Guns may be shot in any order as long as rifle isn't shot last. If starting behind left table, with pistols engage pistol targets in a continuous Nevada sweep. Move to right table and with rifle engage rifle targets per pistol instructions. With shotgun knock down the shotgun targets in any order. Long guns may be made safe on either table.

Stage 4, Bay 8

Alas, late December is going to be warm and dry. Santa was in a quandary, but he “borrowed” some wheels from a Wells Fargo wagon to put on his sleigh and will be able to make his appointed rounds after all.

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, rifle and shotgun staged on the right table. Start standing behind either left or right table holding your hat a few inches above your head.

Line: Hats off to you, Santa!

ATB: Put your hat down on your head. Guns may be shot in any order as long as rifle isn't shot last. If starting behind right table, with rifle engage rifle targets with 5 rounds in a 3-1-1 sweep starting from either end. Repeat instructions with the next 5 rounds. With shotgun knock down the shotgun targets in any order. Long guns may be made safe on either table. Move to left table and with pistols engage pistol targets per rifle instructions.

Stage 5, Bay 7

You're trying out for Santa's Elf Corps, and if you can pass the final test by loading a toy on his sleigh, you'll finally be able to join their ranks.

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, rifle and shotgun staged on right table. Start standing with one foot touching the plate with toy in hands.

Line: I'll be an elf!

ATB: Shooter's choice of gun order but rifle can't be shot last. Move forward to either left or right table and place toy on table. If moving to the right table, with rifle engage rifle targets from either end in a 2-2 sweep, then a 1-1 sweep starting from the same end, then a 2-2 sweep from the same end. With shotgun knock down the four shotgun targets in any order. Long guns may be made safe on either table. From left table with pistols engage pistol targets per rifle instructions.

Stage 6, Bay 7

There's suddenly no Christmas trees to buy anywhere in town, so you won't have a tree for Santa to put your children's toys under.

Round Count: Rifle: 10, Pistols: 10, Shotgun: 4+

Staging: Pistols holstered, rifle staged on right table. Start standing with one foot touching the plate with shotgun in hands.

Line: It's a blue Christmas!

ATB: Move to the right of the Christmas cactus and with shotgun knock down the four shotgun targets in any order. Make shotgun safe, then with rifle engage rifle targets by placing at least 4 rounds on each target. Move to the left table, making rifle safe on either table. With pistols engage pistol targets per rifle instructions.
