Instructor lead classes offered at PGC are available to all PGC Members and their direct family members - and invited guests. These provide opportunities to learn, brush up, or review skills, and are also an excellent way to introduce family members and provide a solid foundation in a variety of shooting disciplines.

Direct Family Members include: Spouse, grandparents, parents, children, children's spouses, brothers, sisters, and grandchildren.

Invited Guests are those whom a member has recommended. These could be a friend, relative who is not a direct member, neighbor, workmate, or other acquaintance.

Note: Individuals on the membership wait list may attend classes at the member rate.

In the NRA Basic Shooting classes (Pistol & Rifle) the club provides guns, ammunition, and written training materials. The students provide a good attitude, hearing and eye protection. In the NRA reloading class the club provides all required materials as well.

NRA Basic Metallic Cartridge Reloading Course (9/13)

- Objectives: To learn the basic knowledge, skills, and attitude necessary to safely reload metallic cartridges and provide an understanding of the equipment necessary.
- Prerequisite: None
- Age: Older children may attend with their parents at their discretion.
- Class Length: 8 hours
- The class is limited to 8 students but 4 is ideal and allows more "hands on" time. The first half of the day will be spent with classroom instruction and the second half with demonstrations and hands on exercises. Students pair up into reader/worker teams, taking turns practicing each step of the reloading process. You will be loading .308 Winchester and 45 ACP cartridges. The PGC will provide all cartridge components. The rifle ammunition will be disassembled and we will shoot the .45 ACP after each class. I have the 45 but you can bring yours if you wish. This class uses single stage presses and will teach you the reloading fundamentals necessary to reload safely and make decisions on what equipment you need. There is an exam at the end of the day. You can use your notes and any provided training material to take the exam.
- Maximum Size: 8 - May vary depending on the number of instructors available.
- Equipment Needed: Eye and ear protection.
- Minimum Class Size: 3
- Equipment Provided: Everything but eye and ear protection.
- Cost: \$25 PGC Members / \$50 Non-Members.
- Certificate: Yes, NRA Basic Reloading
- Textbooks: Students will receive the NRA Reloading Handbook
