

High Power Match Report

December 2023

We had five members come out to shoot after the Thanksgiving holiday. We really lucked out with the weather, full sun, 65 degrees and light wind.

Brian Turlington (USCG) won the match with a score of 784-32X "Outstanding". Brian is a PGC member who has shot for the USCG national rifle team and now that he has some shore leave, he is able to shoot on a more regular basis with us.

Shooter	Standing	RF Sitting	RF Prone	Slow Fire Prone	Total
Brian Turlington	94-0X	100-7X	99-4X	190-6X	483-17X
Scott Johnson	94-0X	97-3X	100-2X	193-4X	484-9X
James Wells	91-2X	97-1X	95-0X	199-8X	482-8X
Robert Wills	86-1X	96-2X	96-1X	172-5X	450-9X
Richard Manchand	84-0X	97-0X	95-1X	187-2X	463-3X

Our next match will be January 27 at 09:00 and will be an 80 shot match at the full distance.

I will register the January match with the NRA, and CMP will follow in February.

If you are a PGC member and would like to give NRA / CMP High Power shooting a try, give me a call and I will walk you through the process. All you need to give this a try is 100 rounds of 223 ammo and I can help you with an AR-15 for the day, coat and shooting gear for the day. It's a lot of fun.

Safe Shooting
