

# AR Tactical Rifle Rule Highlights

The Tactical Rifle discipline provides an opportunity for shooters to get a taste of rifle competition without spending an exorbitant amount of money. Equipment normally found in other types of High Power Rifle Competition such as Match Rifle, Palma Rifle, and F-Class Rifle, will not be permitted in this discipline. To understand the spirit of this new shooting program, think of this as “prone Service Rifle with a bipod and a scope.”

Since we will be single feeding each round as we shoot alongside F-Class and other prone disciplines, we will allow a single-shot sled such as the "Bob Sled" to accommodate single round feeding.

- AR-Platform in .223/5.56mm up to and including .308 cal./7.62mm.
- Harris-type bipods and limited rear rests.
- Trigger pull not less than 4.5 pounds.
- Maximum 20" barrel.
- Overall weight of rifle including one empty magazine, bipod, and sighting system (scope) may not exceed 14 pounds.
- Scope not to exceed 15x magnification.
- Targets used are MR-63, MR-65, MR-1, and LR (for 300, 500, 600, and 800 yards, respectively).

**NRA Mid-Range (Prone) Tactical Rifle (AR) Rule:** See Section 23 in the [NRA 2020 High Power Rifle Rule Book](#) for details regarding Tactical Rifle competitions.

**CMP AR Tactical Rifle:** See Rule 4.1.9 in the [CMP Highpower Rifle Rule Book](#) for details regarding Tactical Rifle competitions.

## **Tactical Rifle Course of Fire (60 shots + sighters)**

Each competition will generally consist of three shooting matches at one yardage and a fourth match that consist of the aggregate score of the three shooting matches.

- Match 1 - unlimited sighters and 20 shots for record in 23 minutes
- Match 2 - 2 convertible sighters and 20 shots for record in 22 minutes
- Match 3 - 2 convertible sighters and 20 shots for record in 22 minutes
- Match 4 - aggregate of scores fired in Matches 1-3
