

High Power Rifle Match

October 23, 2021

We held our normal monthly highpower rifle match on the 23rd of October. We had 7 shooters shooting the National Match Course 50 shot match fired at 200, 300 and 600 yards. We had a first-time shooter "Joe Beasenburg" shooting his M1 Grand. I talked to Joe after the match, and he learned a lot and is looking forward to shooting his next match with us. The KTS targets worked well, and all shooters found the new system very enjoyable to use.

The match winner was Darrel Beach with a 771-10X. Well, done Darrel!!

Our next match will be the **SC State Championship November 13, 2021**. This will be an 80 shot CMP registered State Championship. Firing will be at 200, 300 and 600 yds. This will be our last match of the year so if you want to shoot a HP match come on out.

Best Regards,

Bob Wills

HP Match Director
