

**PGC High Power Rifle Match**  
**SEPTEMBER 2020**  
**Bob Wills – PGC Match Director**

I am happy to report that we shot our first full distance match this month on our new electronic targets. We shot the standard NRA Regional Match Course of fire 80 record shots at 200, 300 and 600 yds. We had 3 or our 7 electronic targets completed and running. This was a small PGC member match only to work out any issues that may have come up. I am pleased to say the system performed without any issues at all and made the shooting a totally new and enjoyable experience.

Our next match will be October 24, 2020. Please watch the Bullseye as I am going to try to set up a CMP EIC match. To do this we will need to 7 targets running.

Match results:
